	The ProCurve Switch 408 series provides plug-and-play simplicity for cost effective, unmanaged connectivity. Its fanless design promotes silent operation ideal for open spaces. It comes with a lifetime warranty.	The ProCurve Switch 1700 series. Enterprise-quality, 8- and 24-port fanless 10/100 Web-managed switches providing reliable, affordable network connectivity and the ProCurve Lifetime Warranty	The ProCurve Switch 2510 series. Quiet operation for open-space work environments (24-port only). Basic network-management capabilities, affordable quality and the ProCurve Lifetime Warranty	ProCurve Switch 2610 series. Two easy-to-install, easy-to-manage models ideal for converged networks. Secure, reliable 10/100 connectivity and the ProCurve Lifetime Warranty.	ProCurve Switch 2610 PWR series. Three easy-to-install, easy-to-manage models ideal for converged networks. Secure, reliable 10/100 connectivity and the ProCurve Lifetime Warranty.	The ProCurve Switch 4200vl Series. Cost-effective, high density capability, with enough flexibility for a small network or a multi-campus solution for thousands of nodes. ProCurve Lifetime Warranty.
